

Companies with Volunteer Grant Programs

In addition to our generous corporate sponsors, PWA relies on the philanthropic support of the corporate community, who enable many of PWA's programmes and services. The below listed companies offer Volunteer Grant Programs to employees who have invested their time volunteering for local charities. Your employer may choose to reward your community involvement by making a corporate donation based on the time you've invested with us at PWA!

Companies with Donation Matching Programs

Through Corporate Matching Gifts, a donation can be made by an employer that matches the amount of an employee's personal donation to a charity of their choice. Through these kinds of programs, companies can help their employees make a larger, more impactful gift to PWA. If your company is on this list, make your donation today at BikeRally.org and contact your Human Resources team about your company's matching gift program. Not on the list? Check with our Gift Matching search engine in the donation portal when you're making a donation to a rider. Or, check with your Human Resources department for an existing Donation Matching Program or consider starting one today!
